

AMENDMENTS TO THE DRAWINGS

Please replace the drawings presently on file with the drawings submitted
herewith.

Attachment: Replacement Sheet
Annotated Sheet Showing Changes

REMARKS/ARGUMENTS

This application is a divisional of application number 10/028,921 and the defect noted by the Examiner arose because applicant amended the parent application when the present application was filed and Figure 4 currently on file with the present application should have been deleted.

Therefore, Figure 4 is hereby cancelled and the remaining figures have been renumbered and are provided herewith. With this amendment, there are now five figures in the application. Therefore, no reference to Figure 6 is required. The original Figures 1-5 will follow by courier.

Applicant submits that no new subject matter has been added in the Brief Description of the Drawings.

Respectfully submitted,
Gregory G. Brown
